Bags and possessions may be inspected prior to admission and such photographic or recording devices confiscated pending the conclusion of the Event.

SENIOR TEAMS EVENT SUPPORTED BY COOLMORE AUSTRALIA & PEACHESTER LODGE – RULES AND REGULATIONS

1. Registration of Entry

Event competitors must indicate their expression of interest (“EOI”) to compete in a Team in the Magic Millions Senior Class via Equipe’s online entry system. The link will be made available once registrations open.

2. Composition of Teams

Following initial EOI and following Slot Holders taking their ‘Captain’s Pick’, the OC will determine the top 24 Event competitors based on their performances over the past 12 month period. The ‘Captains Pick’ is a selection by the Slot Holder of two riders to compete for their team, to compete alongside those randomly drawn from the rider pool. These Event competitors will then make up the 12 teams of four (4) Event competitors.

3. Allocation of Teams

A random draw will then take place to divide the pool of Event competitors into 12 teams, to compete alongside each Team’s ‘Captain’s Pick’.

4. Competition Format and Scoring

- a. **Starting order of the Team Event competitors:** The Team can determine the starting order of their Event competitors amongst themselves and must inform the OC in what competition order they will start, at the latest by 12pm the day before the event.
- b. **Substitution:** Substitution of a horse or an Event competitor after being declared can occur if extreme circumstances should dictate – in consultation between the OC and team a substitution may be allowed of either horse and/or Event competitor.
- c. **First round starting order:** The starting order of the teams in the first round is established according to a separate draw. There will be a seeded draw to establish the order of the final Event competitors from each team. This will be based on the two best scores from the three initial Event competitors. Where there is an equality of penalties, teams will be separated based on their original draw order.
- d. **Type of Competition:** The event will consist of one round, with 12 obstacles of 1.40m-1.45m in height which will be over a table A type track with one double and one treble or two doubles. In case of equality of penalties in the first round please refer to event results below.
- e. **Speed:** Depending on the size of the competition arena and/or additional local circumstances at the competition venue, the official schedule for each separate event will specify, whether the speed required will either be 350m/min or 375 m/min or 400m/min.

f. **Event results:** The final ranking of the Teams is based on: the total faults of each Team with their three (3) best possible scores counting. The Team with the lowest cumulative total will be deemed the winner. If there is an equality of faults for Teams, the time of the last Event competitor in each Team will decide the placings. If the last Event competitor records the Teams drop score, then the time of the second last Event Competitor will decide the final placing. Where there is a tie in penalties of rider 3 & 4 within a team, and both are potentially the drop score, the slower time will be the drop score.

g. **Eliminations:** In the event of an elimination of a team member during the competition, that combination will receive a total of 99 penalties.

5. Prizemoney

Prizemoney distribution will be allocated as per the Terms and Conditions of Slot (as defined therein) with Teams' prizemoney distributed as per the below table. The OC will then distribute each Event competitors' share evenly amongst the Team Event competitors.

Table: Prizemoney distribution exclusive of GST
